

Leave a Lasting Legacy

NEWWAY'S FINANCES

We are deeply grateful for the hundreds of you who have stood with us in prayer and giving over the last eight years. As you can see, donations provide about 50% of our operating budget. Your donations help us fuel the transformation we hear God pronouncing for His evangelical church.

“NEWWAY MINISTRIES has changed how I experience the Trinity and relate to others—the depth of change couldn’t be more profound. I’m a different man, husband and father, and even more, a better Christ-follower. I wholeheartedly endorse the ministry of NewWay and encourage others to join me in supporting Larry’s three-year vision.”

The Goal

Larry’s vision and calling for ministry is more clear and passionate than ever, but at 66 years old, we recognize his time for ministry is limited. Therefore, we are seeking to free him up in a way that would allow him to focus on the creation and production of training resources. These resources can immediately impact the way Christians relate to one another. The long-lasting result is a library of resources that will reach beyond Larry’s life to future generations.

TO DO THIS, our goal is to limit the number of speaking and consulting engagements he accepts over the next three years. That comes at a significant financial cost. Our desire is to raise enough funds to allow Larry to focus on creating these lasting resources that would fuel this relational revolution. To accomplish this vision we will need to raise \$150,000 each year, a total of \$450,000 over the next three years.

The Need

We often hear about multi-national pharmaceutical companies who invest hundreds of millions of dollars to find a cure for serious diseases like cancer or heart disease. None of us blink an eye at these staggering amounts. Nor should we. Yet, the heart issues facing evangelical Christians are far more paralyzing and threatening to our relational lives than a serious disease. How much are we investing in that research?

At NewWay, we are seeking to invest \$450,000 (less than half a million dollars) over the next three years in the creation of resources, training events and conferences that will spark a relational reformation in the evangelical church. The problems facing Christians are numerous, but they all boil down to misplaced heart affections that can be transformed through a new way of relating to God and each other. With your partnership, NewWay can develop some of the much-needed resources that we believe God will use to change lives, churches and communities for eternity.

WILL YOU PRAYERFULLY CONSIDER PARTNERING WITH NEWWAY MINISTRIES TO ETERNALLY IMPACT THOUSANDS OF LIVES AND COMMUNITIES?

Over the course of this 3-year journey we are praying that God will provide 190 partners at various levels of investment (*see chart below*). Your decision to support NewWay’s vision will be deeply appreciated.
